

## Five Year Capital Plan

The Capital Plan is a blueprint that defines major projects that the Town hopes to undertake and complete over the next five years in addition to the purchase of vehicles and equipment that have greater than a five-year life span. The Plan includes “must do” projects such as road and bridge repairs as well as the “it would be nice to have” projects such as a new park and / or recreational facilities.

The capital planning process begins with department heads identifying the major projects they feel should / need to be implemented, along with the estimated costs associated with each project and whether the project is likely to be funded by borrowing, grants, fund balance or the annual budget.

The list is then reviewed by the Town Board who then approves the projects based on need, and decides how the projects will be funded. If it is concluded that borrowing will be necessary to fund certain projects, the Board must determine how much debt service the Town can responsibly undertake annually.

Based on that review the Town Board adopts, as part of the Budget, a one-year Capital Budget that lists the projects likely to be implemented during that year and how each of the projects will be funded, and a five-year Capital Plan that looks ahead to the projects that will need to be completed in the future.

Debt for projects previously approved as well as new capital projects funded by borrowing is reflected in the debt service portion of each of the funds having a liability of principal and interest payments.

## PARK AND IMPROVEMENT DISTRICTS

The Town of Yorktown operates six park districts and one lake improvement district.

These districts were created over the last thirty years at the request of residents in each of the geographical areas to improve the quality of life in their particular neighborhood.

Four of these Park Districts ~ Amazon Park, Mohegan Beach, Mohegan Highlands and Shrub Oak Lake Estates ~ are located and operate summer beaches on Mohegan Lake. Shrub Oak Community Beach Park District is situated in the Shrub Oak Hamlet on a widened and dammed part of the Shrub Oak Brook. It also provides a beach facility for district resident use.

The Bethel Acres Park District was created during the planning and subsequent approval of the Bethel Acres Subdivision. It is an area of scenic woodlands located on Granville Court in the vicinity of the Franklin Roosevelt State Park.

The Lake Mohegan Improvement District includes most of the homes in the Mohegan Lake Hamlet. It was created solely for the purposes of maintaining and enhancing the quality of waters of Lake Mohegan and its surrounding area.

The use of these districts is exclusive to district residents. Budgets for each of these districts are prepared by the elected district boards and submitted to the Town Comptroller. The Town collects monies through taxes from each of the district residents according to each district's budget.

The Town provides additional services to these districts primarily by the Finance Department who aid with and oversee accounts payable and administer district payrolls. The Parks & Recreation, Highway, Engineering, Legal, Town Clerk and Building Departments provide assistance as requested to maintain and operate the beach areas.
