

Strengthening the community safety net that supports a healthy lifestyle by sharing resources to promote: Youth Mental Health, Preventions of Substance Abuse and Opportunities for Thoughtful Service

The Alliance for Safe Kids has partnered with the Town of Yorktown to provide a unique resource, the Yorktown Together! COVID-19 Resource Guide, that not only captures valuable information regarding the COVID-19 crisis but includes local updates from many of our sectors on the topics covered in the guide. The interactive and frequently updated guide includes resources, most of which are virtual, on the following topics: National, State and Local COVID-19 Information; Healthcare; Mental Health Support; Substance Use/Abuse Support; Houses of Worship; Senior Community; Schools and Educational Support; Local Organizations & Businesses; Opportunities for Thoughtful Service; Staying at Home.

A donation to ASK will allow us to continue to coordinate efforts to connect the community to valuable resources, offer virtual Save A Life workshops and virtual volunteer opportunities.

[Learn more about us or donate at www.allianceforsafekids.org](http://www.allianceforsafekids.org)

We will be happy to include the completed list in the Yorktown Together! COVID-19 Resource Guide. Currently, we do have some local organizations, including Support Connection, in the guide. You may view the guide here: <https://bit.ly/3dzCvIY> . This is an image of the home page:

**Yorktown Together!**  
Supporting Each Other During COVID-19
