

# *The Seabury* at FIELDHOME

This year, residents of The Seabury at Fieldhome are creating thank you hearts for the veterans at the **James J. Peters VA Medical Center in the Bronx** to thank them for their service and sacrifices — and we are inviting everyone in the community to join us! Last year, with the help of local Girls Scouts, students, senior groups and others in the community, we were able to give more than 1,100 hearts to the veterans at the VA Hospital in Montrose!

## **Make a Thank You Heart for a Veteran!**

Individuals and organizations can create thank you hearts and drop them off at The Seabury before February 3<sup>rd</sup>. The hearts should be 8.5 x 11 inches or smaller. You can include your contact information on the back of your card(s), if you like.

Groups and organizations are invited to come to The Seabury to decorate hearts with our residents. Please contact Molly Greece at 914-737-2255 x5467 to schedule a date. The cards and decorating materials will be provided.

## **Presentation of the Hearts**

The hearts will be presented to veterans from the VA Medical Center on Friday, Feb. 5<sup>th</sup>, at 3:00 pm, at The Seabury at Fieldhome. There will be live music and light refreshments, and all participants are invited to attend (please rsvp).
