A LETTER FROM THE DEPUTY TOWN SUPERVISOR

Dear Neighbor,

After a chilly winter of nesting at home, it is time to reengage with the outdoors and get our bodies moving with a thoughtfully curated selection of spring and summer recreational activities by our Parks and Recreation Department.

The activities in this brochure accommodate people of all ages and abilities. Our youth activities range from school vacation camps to beginners' sports for young children, organized sports for older children and events like our annual Fishing Derby. Children who prefer non-competitive activities can participate in Zumba, filmmaking, and arts classes.

Our staff designed adult programming to promote socializing and physical wellness. Activities include organized exercises, martial arts and running. Those seeking activities that are not strenuous can sign up for meditation, yoga, or dancing.

The arrival of warmer weather allows us to enjoy Yorktown's greatest assets—our trails, parks, and

outdoor spaces. Our popular tennis and pickleball clinics allow residents to play at municipal courts at Shrub Oak Park and Granite Knolls, while the municipal golf course, The Links at Valley Field, offers residents affordable golfing options, private lessons, and post-play socializing in the Tee Bar & Grille.

Do not delay in registering for your favorite activities. Many programs have limited enrollments, while others could be at risk of cancellation if our recreation staff does not see robust enrollment as the start dates for the programs approach.

Congratulations to our Parks and Recreation Department for all the creativity and effort they put into these activities. I encourage everyone to use this brochure as a guide to reconnect with neighbors and shake off sedentary winter habits.

Enjoy the great outdoors,

Ed Lachterman

Students hold a pop-up store during the last class, learning to engage with customers, sell their products, and keep their earnings.

Upon enrolling, students will be sent a welcome letter with a link to product ideas they can use if they don't already have a product in mind. For those who love cooking we have many non-baking food biz ideas. Supplies for the products should be under \$20. Returning students learn new skills.
