Re: **Foothill Street Solar Farm Project**
Date: December 29, 2021

On Tuesday December 21, 2021 Chief Grevious of the Lake Mohegan Fire Dept. and I met with representatives from ConEd and Bergmann Associates to discuss the proposed solar farm project located on Foothill St. Both sides discussed their concerns and the fire chief and I are ok with the plan that was dated November 22, 2021 provided that they:

- Provide a six foot wide access gate at the south end of the fence along Foothill St.
- Provide a maintenance plan for grass cutting throughout the site and snow removal from the access road.
- Provide lock boxes and or pad locks for fire department access that are compatible with fire depts. Knox Box system.
- Provide training to the fire department and their training officer. Training material shall also be provided to the fire department so that they can train all staff.
- Provide proper signage throughout the installation including the property address and emergency contact information.

Please contact me with any questions.
