

Meeting of the Town Board, Town of Yorktown held on Tuesday, December 12, 2023 at the Town Hall, 363 Underhill Avenue, Yorktown Heights, New York 10598.

Present: Thomas P. Diana, Supervisor  
Edward A. Lachterman, Councilman  
Sergio Esposito, Councilman  
Luciana Haughwout, Councilwoman

Absent: Mary Capoccia, Councilwoman

Also Present: Diana L. Quast, Town Clerk  
Adam Rodriguez, Town Attorney

#### TOWN BOARD MEETING

Supervisor Thomas Diana called the meeting to order.

#### EXECUTIVE SESSION

Upon motion made by Councilman Lachterman, seconded by Councilwoman Haughwout, the Town Board moved into Executive Session to discuss individual personnel items. Upon motion made by Councilwoman Haughwout, seconded by Councilman Lachterman, the Town Board moved out of Executive Session and proceeded with the meeting.

#### PLEDGE OF ALLEGIANCE

Councilman Esposito led the Pledge of Allegiance.

#### MOMENT OF SILENCE

Supervisor Diana asked for a moment of silence to remember all of our first responders: police, fire, ambulance, and EMTs who serve us on a daily basis. Supervisor Diana also asked to keep in our thoughts and prayers the members of the military who serve to protect our freedoms both here and overseas and defend our freedoms on a daily basis.

#### REPORT FROM TOWN SUPERVISOR

Supervisor Diana reported on recent events, including the following:

- The Veterans Advisory Committee meeting is cancelled this month. The next meeting is scheduled for the third Wednesday of January, on the 17<sup>th</sup>, at the AACCCC.
- Supervisor Diana spoke about how wonderful the Holiday Light Parade was, as well as the tree lighting in Shrub Oak. He thanked Parks & Recreation Superintendent Jim Martorano and Library Director Yvonne Cech for their help. He also said that Rabbi Heber did a wonderful job at the menorah lighting, including a 3-D laser light show.

#### WETLAND PERMIT APPLICATION – 3167 LINCOLN DRIVE (URVINA)

Gabrielle Salman, architect for the owner of the property, came before the Town Board to discuss the need for a wetland permit, as well as the project. The project is for a home renovation, including the construction of a deck and plantings. The deck will protrude into the wetland buffer, therefore the need for a wetland permit.

Town Engineer Dan Ciarcia said that although this is a relatively simple project, since it is in the bounds of the state wetlands buffer or wetlands, it requires an administrative permit through the Town Board. He said that it clearly is within the wetlands buffer. He said another condition is that the applicant has to go to the Department of Environmental Conservation (DEC) for a permit.

Supervisor Diana said that they would have to get the DEC permit and come back to the Town Board to show receipt of the permit, before the Town Board would issue a wetlands permit. The project is also subject to a referral to appropriate agencies and a public hearing.

#### REFERRAL FOR WETLAND PERMIT APPLICATION SUBMITTED BY ODALIS URVINA (3167 LINCOLN DRIVE)

#### RESOLUTION #604

Upon motion made by Councilman Lachterman, seconded by Councilman Esposito,

Resolved, the Town Clerk is authorized to refer out, to appropriate agencies, a Wetland Permit application submitted by Odalis Urvina for the purpose of constructing a deck and landscaping.

Diana, Lachterman, Esposito, Haughwout Voting Aye  
Resolution adopted.

#### MOHEGAN LAKE IMPROVEMENT DISTRICT DEC GRANT-FUNDED STUDY

Ken Belfer introduced Weston & Sampson, the engineering firm that was hired under a DEC Planning Grant to study stormwater phosphorous mitigation at Lake Mohegan. He said that they are nearing the end of the contract and are here tonight to present their final results.

Joe Zongol, Weston & Sampson, via Zoom, did a slide presentation of the results. The presentation included the project's purpose, pollutant loading approach, project prioritization, review of proposed practices, and final deliverable. He ended by giving a summary of what will be in their final report: project purpose and literature review, pollutant loading methodology, pollutant loading results, project prioritization and conceptual designs, green infrastructure operation and maintenance, green infrastructure implementation steps, and best management practices.

Supervisor Diana and the Town Board had questions regarding the methods Mr. Zongol proposed, which he addressed.

Mr. Belfer introduced those who assisted him in identifying some of the stormwater infrastructure that exists. He spoke about what work had been done on the catch basins that received inserts. He said these basins needed to be maintained and when the time came for that, the Town did not own a VAC truck and maintenance was delayed.

Mr. Belfer proceeded with a slide presentation on the Mohegan Lake Improvement District that included a history of the district, how it was funded, and how many parcels are included. He discussed what their general activities are, as well as a 2023 review of invasive species, including Canada geese. Slides showed the improvements to equipment that is used to maintain the lake, including a study to evaluate a new aeration system. Mr. Belfer said long-term goals are to reduce available in-lake phosphorus and reduce phosphorus inputs from the watershed. Mr. Belfer said what is needed from the Town includes annual cleaning of catch basins, keep outflow streams clear, sewer expansion, stormwater phosphorus mitigation, and to expand recreational opportunities at Rock Hill Park.

In response to Councilman Lachterman's question regarding available money (i.e., grants) for the sewer expansion, Mr. Belfer spoke about a feasibility study being done first to this issue. Both Mr. Belfer and Supervisor Diana felt funding assistance would also need to be on a federal level and Supervisor Diana suggested reaching out to Congressman Lawlor.

#### BENCH REIMBURSEMENT GRANT

Supervisor Diana said that the Town is working on a Bench Reimbursement Grant and introduced Parks & Recreation Superintendent James Martorano, Jr. to give background. Superintendent Martorano said the Town has a great relationship with New York Presbyterian (NYP) Hospital who has sponsored many projects and events for the Town. He said that they would now like to put forth a grant for a new bench to be installed at the Junior Lake Pool playground. The Town would purchase the bench and would be reimbursed by NYP. He said it would be a green bench with the NYP logo in the center. He said that he only needed a resolution by the Town Board to approve the cost.

#### VETERANS ADVISORY COMMITTEE

Parks & Recreation Superintendent James Martorano, Jr., and two members of the Veterans Advisory Committee came before the Town Board to discuss a name change for three parks in Town (Veterans Field, Downing Park, Veterans Memorial Circle/Patriot Park). Councilman Lachterman read a resolution that the committee prepared to propose the name changes to the parks. Superintendent Martorano said that the Committee has since agreed that the name of the Jack DeVito Veterans Memorial Field and Track remain the same. He said that both he and the Parks & Recreation Commission have no opinion on changing the names of the ballfields at Downing Park. Superintendent Martorano said that Patriot Park was for all patriots, not just veterans, but the monuments that have been erected there honor veterans and he feels that the name should be changed to something more appropriate.

Director of Planning John Tegeder said that Patriot Park was conceived after September 11 and that other areas have patriot parks and were created to honor both citizen patriots and veteran patriots. He spoke about the initial concept for the park but if there comes a time when there is a historical or political figure or first responder that bears some remembrance they may or may not fit in at the park.

Councilman Lachterman said that he was aware that a tree was planted in that area about 8 years ago in honor of Lorraine DeSisto, a former Town Planner. Mr. Tegeder affirmed this and added that there is also a tree that was planted for a former police officer who was also a veteran.

Major Mike Sheridan, accompanied by Carl DeLiberto, Veterans Advisory Committee, spoke to the Town Board about the resolution they passed in September and presented to the Parks and Recreation Commission. He said that the intent of the resolution is to make the naming of these areas needs to be consistent, established, and followed throughout the Town and by all agencies making use of these facilities. He said that Veterans Field (on Veterans Road) is no longer Veterans Field – there are no veteran memorial aspects about it at all, nor are there any veteran memorial aspects to the Downing Park ballfields. He said that the veterans’ monuments that were in front of Town Hall were moved to Patriot Park and lost some of their status of being veterans’ monuments by being placed there. He would like to see a place where the monuments can be that would not change its name in 5 years from now. Major Sheridan asked that a place in Town be dedicated just to veterans where Veterans Day and Memorial Day ceremonies could be held. He said that, if not, Memorial Day ceremonies would be held in the cemeteries and Veterans Day ceremonies would be held and the VFW Post for the community of veterans to attend.

Mr. DeLiberto said that they found out that the Jack DeVito Veterans Memorial Field was known as Veterans Field before the gazebo was built. He would like to see the wording rearranged to say the Jack DeVito Memorial Gazebo because that is the only thing memorialized in that location; Veterans Field is separate. He pointed out how many of the parks are misnamed by many people; including on the Town Board agendas.

Mr. Tegeder explained how the naming variations just evolve without the locations being officially named.

Town Clerk Quast said that she would look back over the minutes of the Town Board; acknowledging that the parks are referred to by a variety of name combinations.

Supervisor Diana said that the Town Board would review the proposed changes and work with the Veterans Advisory Committee to come up with something everyone could agree on.

Parks & Recreation Commissioner Patrick Cumiskey said that the Parks & Recreation Commission is against changing the Jack Devito Veterans Memorial Track and Field. He said that the other changes they have no problem changing. He mentioned the process that is required to do a name changed is not a simple one and referenced the Harrison Apar Field of Dreams Park, as an example.

The Town Board and Major Sheridan continued to discuss the logistics of name changes and internet searches.

### PATRIOT SKATE PARK

Superintendent James Martorano, Jr. – Improvements – Phase 3

Parks & Recreation Superintendent James Martorano, Jr. came before the Town Board to discuss the next phase of the work being done at the skate park. He said Phase 1 & 2 replaced the large ramps on the north and south side of the park. He said that they had to hold off on Phase 3 because it would take a long time with that portion, even though it is the smallest portion. This portion is the streetscape piece of the park and requires custom cuts. Superintendent Martorano explained the work that has to be done to this section. He said that postings and notifications went out today explaining that the park would be closed and should reopen by March 1, 2024, weather permitting.
