THE WEYANT – REQUEST FOR REZONING

Al Capellini, Esq., attorney for the applicant John DeVito (contract vendee), is making a request for rezoning for property located at 2040 Crompond Road from R1-20 to Transitional in order to demolish the existing structures and construct two residential buildings, each housing 18 rental apartments known as The Weyant. Two proposals have been done and Mr. Capellini is requesting the project be referred out and a declaration of lead agency be made. A 30 day referral was issued and a public hearing was set for June 20, 2017. Supervisor Grace stated that this is a project that will have more than one public hearing and residents will have time to gather information and attend more than one meeting. He also stated that this is a property with alternatives regarding development and this needs to be considered, as well. This is a property that is peripheral to a commercial area and its destiny may not be to remain residential. Supervisor Grace spoke with two residents, John MacDonald and Barbara Morton, regarding their concerns and how the process works.

HARWOOD PLACE – REQUEST FOR REZONING

Al Capellini, Esq., attorney for the applicant Harwood Place, LLC, is making a request for a rezoning for property located at 200 Harwood Place. This is a six unit apartment building that has a Certificate of Occupancy for four units in an R-2 zone which allows for only 2 units. The new owner wants to legalize everything and is asking for a rezone to R-3 which would allow for all of the apartments. The four-tenths of an acre would then allow 5-6 units. The R-3 zoning is being considered because it will not change the character of the neighborhood, given what currently exists there. The Board approved a 30 day referral.

YORKTOWN TRAILTOWN COMMITTEE– WETLAND PERMIT APPLICATION

Jane Daniels of the Yorktown Trailtown Committee came before the Board to ask for public hearing to be set in order to move forward with their Wetland Permit Application to develop a trail to connect the area between Route 118/Downing Drive through to Baldwin Road. The plan includes construction of wooden bridges and boardwalk. Ms. Daniel mentioned the grants that they have received and the NJ/NY Trail Conference has said they will do the maintenance on the trails. The Wetlands Permit Application has been completed and the SWPPP and EAF are in progress. She is seeking a resolution authorizing expenditures for \$7500, designation of the trail as a parkland, and to give the Town Engineer the authority to approve the paperwork. Ms. Daniels also stated that she would like to have a kickoff celebration on June 3 which is National Trails Day. Supervisor Grace said this may be a little premature. Councilman Diana mentioned that CableVision (Altice) had a problem with the portion that goes to Route 118 and Ms. Daniels said this has been resolved. The Board mentioned that there may be a problem declaring this a parkland and Ms. Daniels said this is necessary for the NJ/NY Trail Conference to assume maintenance responsibility.

Ms. Daniels was instructed to come back at the May 23rd work session so comments may be obtained from the Planning Department, Planning Board, Conservation Board, review the wetlands permit, meet with Dave Paganelli – Highway Superintendent, present their budget, etc. A Notice to Interested Parties needs to be done, as well. A public hearing was set for June 6th, 2017.

ZINO'S BARN

Zino's Barn is a barn located on the property that is going to be Lowe's; it is where Atlantic Appliance kept their merchandise. There is one barn of three that dates back to the 1830s. Dale Salzman came before the Board to have this barn dismantled and resurrected – the cost is approximately \$54,000. It is rumored that Bresline Realty and Lowe's are willing to contribute to this cost. Supervisor Grace feels the preservation of this barn is worthwhile. Supervisor Grace has asked John Tegeder to find a relocation spot for the barn – possibly Patriot Park? If it gets dismantled and the Town doesn't have an immediate location for it, Supervisor Grace said he is afraid it will languish like the Bernstein House. Mr. Salzman presented a few possible locations: Downing Park, next to the Railroad Building, Routes 118 and 100, in front of the Highway Department and Patriot Park. A discussion followed as to how much of the barn should be restored – both floors, the same square footage, etc.

Upon motion made by Councilman Diana, seconded by Councilman Bernard,

Resolved, the Town Board supports the idea of saving the Zino Barn, if a place to resurrect it can be found.

This piece of property is the last remaining parcel that has part of the quarry on it and is attached to Sylvan Glen Park. Jane Daniel mentioned that it has a 50 foot access out to the back. This request needs to be referred to the Open Space Committee. Supervisor Grace suggested working with the Yorktown Land Trust in obtaining these parcels. Supervisor Grace would like feedback from the Open Space Committee and have John Tegeder, Planning Director, do a development analysis on both.

SEWER STUDY – TARGETED AREAS

The next step in the project to get homes sewerred into the Hallocks Mill Sewer District is to engage a consultant to move ahead. There are three priority areas. Supervisor Grace said the Board does not need a consensus for an assessment. There was a mention of the Chelsea Pump Station and taking a look to see if some of the homes can be sent to the Peekskill Sanitary Sewer District. The Town should consider going out for design proposals. A resolution should be done for the next Town Board meeting.
