INFORMATION FOR BIDDERS

1. Bid Proposals

A bidder may submit a single bid proposal for the contract. The bid must be made on the Bid Proposal Form attached hereto, enclosed in a sealed envelope marked with the name of the bid on the outside of the envelope, submitted to the Town in hard copy format (paper, but no faxes), and received by the Town Clerk by the deadline set forth in the Notice to Bidders at the following address:

Town Clerk
Town Hall
363 Underhill Avenue
Yorktown Heights, New York 10598

All blank spaces in said proposal must be filled in and no change shall be made in the phraseology or in the items as contained therein. Any bid which fails to name a price per unit of measurement, for each of the items for which quantities are given, may be held to be informal and may be rejected.

Proposals that contain any omissions, alterations, additions or items not called for in the Bid Proposal Form, or that are illegible, conditional, incomplete or contain irregularities of any kind may be rejected as informal.

2. Statement of Non-Collusion

Bidder must certify that it has complied with all of the requirements stated in the non-collusive bidding certificate by signing the form included in this bid document. Failure by a bidder to complete and sign the non-collusive bidding certificate will constitute grounds for rejection of the bid proposal.

3. Allowance for Contingencies

If the Town intends to provide an allowance for contingencies over and above the amount bid, the Bid Proposal Form attached to these bid documents shall contain a line for "Allowance for Contingencies." Such allowance shall only be paid to a successful bidder if the Authorized Town Official as defined elsewhere in this bid document, determines, in his sole discretion, that unforeseen contingencies have arisen making such expenditure necessary. No work in excess of the bid amount plus the allowance will be permitted unless the Town Board approves a change order authorizing such work and additional expenditure by resolution.

4. Conditions of Work

Prior to bidding, each bidder must inform itself fully of the conditions relating to the work to be performed. Failure to do so will not relieve a successful bidder of the obligation to furnish all material, equipment, labor and supervision necessary to perform the contract for the consideration set forth in his bid. At the time of the opening of bids, each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the Specifications and all addenda.

5. Addenda and Interpretation

No interpretation of the meaning of the bid document will be made to any bidder orally. Any request for interpretation must be received not later than five (5) business days prior to the date fixed for the opening of bids and must be made in writing by regular mail, fax or email, to:

Alice Roker, Town Clerk
Town of Yorktown
363 Underhill Ave.
Yorktown Heights, NY 10598

INTERPRETATIONS ONLY: Fax: 914-962-6591
INTERPRETATIONS ONLY: TownClerk@yorktownny.org

Notice of any and all interpretations and any supplemental instructions will be sent to all bidders of record by the Town Clerk in the form of addenda to the bid specifications. All addenda so issued shall become a part of the bid document. Interpretation of the bid specification shall be decided by Town Clerk. The Town Clerk's decision shall be final and binding on all parties.

Bidders are cautioned that any oral or written representation made by any person other than the Town Clerk that materially changes or appears to materially change any portion of the solicitation shall not be relied upon by the bidder unless subsequently ratified by an addendum issued by the Town Clerk. For determination as to whether any such representation requires an addendum, a bidder may send a written request for an interpretation to the Town Clerk.

6. Site Inspection

See Notice to Bidders, page 5.

7. Late Bids

Bid proposals that arrive after the time stated for the opening of bids shall not be accepted, and will be returned to Bidder unopened. Whether sent by mail or by means of personal delivery, Bidder assumes responsibility for having its bid delivered on time at the place specified in the legal notice.

8. Bid Opening

Sealed bids will be publicly opened on the date, day and time specified in the notice included in the bid documents. Bids may be read aloud to those persons present when practicable. Any Bidder may request to review the bid proposals submitted by arranging a mutually convenient time when bids may be reviewed with the Town Clerk. If Town Hall is closed for business at the time scheduled for bid opening, for whatever reason, sealed bids will be accepted and opened on the next scheduled and open business day, at the originally scheduled time.

9. Award

Awards will be made to the responsible bidder submitting the lowest bid that fully complies with all the specifications stated in the bid document. Town reserves the right to make awards within sixty (60) days after the date of the bid opening, during which period bids may not be withdrawn, unless Bidder expressly states in its bid that acceptance thereof must be made within a shorter specified time. The Town reserves the sole right to waive any informality, to reject all bids, and to purchase any or all items on contracts awarded by agencies or departments of the State of New York or of the County of Westchester, if such items can be obtained on substantially the same terms, conditions, specifications, and at a lower price. If the bid is accepted by Town, the successful bidder will be notified in writing by the Town Clerk, and will be required to submit insurance certificates meeting the requirements of the bid document and a completed W-9 form. Work shall not commence until these documents have been received and accepted by the Town.

10. Assignment Prohibited

If the Contractor is of the opinion that any work required, necessitated, or ordered violates the terms and provisions of this Contract, he must promptly, within five (5) calendar days after being directed to perform such work, notify the Building Inspector, in writing, of his contentions with respect thereto and request a final determination thereon. If the Building Inspector determines that the work in question is contract and not extra work, or that the order complained of is proper, he will direct the Contractor in writing to proceed and the Contractor shall promptly comply. In order, however, to preserve his right to claim compensation for such work, or damages resulting from such compliance, the Contractor must, within seven (7) calendar days after receiving notice of the Building Inspector's determination and direction, notify the Building Inspector, in writing, that the work is being performed or that the determination and direction is being complied with, under protest. GC 18. Date of Completion

The work shall be completed as set forth in the Technical Specifications.

GC 19. Insurance Requirements

B. The Town of Yorktown and its assigns, officers, employees, representatives and agents shall be named as an "Additional Insured" on the policy and the Certificate of Insurance shall show this applies to the General Liability coverage on the certificate.

C. Cancellation of insurance or failure to renew insurance, if such occurs prior to the commencement of work or during the performance of work under this contract, shall constitute a material breach of this contract if not cured as described in paragraph D below. If Contractor is notified by its insurer that Contractor's general liability policy has been cancelled or will be cancelled any time within the next thirty (30) days for any reason including but not limited to nonpayment of premiums, Contractor shall immediately all cease work under this Contract, and shall give the Town of Yorktown same day or next business day written notice of such cancellation or threatened cancellation by personal delivery of such notice to the Town Clerk. A copy of such written notice shall also be sent simultaneously to the Town Attorney by personal delivery, email or facsimile transmission. Failure to provide such notice as provided herein shall constitute a material breach of the contract and in such event the Town of Yorktown may in its sole discretion withhold any payment otherwise due under the contract. The Town of Yorktown reserves the right, as a condition of final payment, to require Contractor to provide proof that Contractor maintained the required insurance throughout the performance of the work to be performed under this Contract.

D. Any policy that lapses, expires or is cancelled during the term of work shall be renewed, and proof of such renewal shall be sent by Contractor and received by the Town of Yorktown no less than ten (10) days prior to lapse, expiration or cancellation of the original policy.

E. The Town of Yorktown reserves the right to request copies of actual policies and endorsements to verify coverage.

F. The term "Contractor" as used in this section (pertaining to insurance) shall mean and include Subcontractors of every tier.

G. Each insurance policy shall be written on a primary and non-contributing coverage basis, including any self-insured retentions.

H. Tools and equipment: Contractor is responsible for insuring the value of Contractor's own tools, equipment, and materials brought, stored or operated at the job site. The Town of Yorktown is not responsible if any of these items is lost, stolen or destroyed.

I. To the extent permitted by New York law, the Contractor waives all rights of subrogation or similar rights against Town of Yorktown, assigns, officers, employees,

representatives and agents.

J. The cost of furnishing the above insurance shall be borne by the Contractor; there will be no direct payment for this work. Cost will be deemed to have been included in the price bid or proposed for all scheduled items.

K. All carriers listed in the certificates of insurance shall be A.M. Best Rated A VII or better and be licensed in the State of New York.

L. Each policy of insurance shall contain clauses to the effect that such insurance (except professional liability insurance, if any) shall be primary without right of contribution of any other insurance carried by or on behalf of the Town with respect to the Town's interests and that such insurance shall not be cancelled, materially changed, or not renewed for any reason, including non-payment of premium, without ten (10) days prior written notice to the Town. The Town shall have the option, in its sole discretion, to pay any necessary premiums and charge the cost back to Contractor.

M. Notwithstanding anything to the contrary in this Contract, Contractor irrevocably waives all claims against the Town for all losses, damages, claims, or expenses resulting from risks that are commercially insurable, but Contractor's provision of insurance coverage shall not in any way limit Contractor's liability under this Contract.

N. Upon failure of the Contractor to furnish, deliver and maintain such insurance as above provided, this contract, at the election of the Town, may be forthwith declared suspended, discontinued or terminated. Failure to provide insurance, lack of insurance or inadequate limits of insurance does not limit in any way Contractor's obligations to reimburse injured parties.

O. Any accident occurring on Town property shall be reported to the office of the Town Supervisor as soon as possible and not later than twenty-four (24) hours from the time of such accident. A detailed written report must be submitted to the Town of Yorktown as soon thereafter as possible, but in any case not later than three (3) days after the date of such accident.

GC 20. Compensation and Public Liability Insurance

Failure of the Contractor to take out and/or to maintain, or the taking out and/or maintenance of any required insurance, shall not relieve the Contractor from any liability under the contract, nor shall the insurance requirements be construed to conflict with the obligations of the Contractor concerning indemnification.

GC 21. Disputed Work

The Contractor's attention is specifically directed to Paragraph GC 16 of the General Clauses entitled "Disputed Work - Notice of Claims for Damages." No claim by the Contractor for damages due to disputed work shall be considered by the Owner, unless the procedures outlined in Paragraph GC 16 have been followed in all details by the Contractor.
